Required Texts

- 1) Santa, Matthew. *Hearing Form: Musical Analysis With and Without the Score*. 2nd edition. New York: Routledge, 2017.
- 2) Santa, Matthew. *Anthology for Hearing Form: Musical Analysis With and Without the Score*. 2nd edition. New York: Routledge, 2017.

Course Content: This course covers musical forms and styles in tonal music from the Baroque Period to the 20th Century. It also covers score reading and listening strategies.

Course Purpose: The purpose of this course is to develop a deeper understanding of musical forms and styles in tonal music from the Baroque Period to the 20th Century, and to further develop listening and score reading strategies through analysis.

Expected Learning Outcomes: Upon completion of MUTH 5303, you should be able to do the following:

- Identify phrase endings and cadence types in music with or without the score.
- Identify modulations in music with or without a score.
- Identify sequence types in music with or without a score.
- Identify musical forms with or without a score.
- Identify musical styles with or without a score
- Identify formal sections in music with or without a score.

Assessment of Learning Outcomes: The following methods will be used to assess your progress toward the learning outcomes given above:

- Daily written quizzes
- Homework assignments
- A variety of in-class activities
- Midterm and final examinations
- Final project

Criteria for Grading: Students are responsible for all material covered in class and assigned for homework. Grading will be weighted as follows: Assignments = 10%, Quizzes = 10%, Midterm Exam = 20%, Final Project = 20%, and Final Exam = 40%.

Grading Scale: 90-100% = A, 80-89 = B, 70-79 = C, 60-69 = D, below 60% = F

Assignments: Assignments are due at the beginning of the class session indicated in the syllabus. Late assignments will not be accepted without an acceptable excuse supported

by documentation. Acceptable excuses are a personal illness, a death in the family, or a university-sponsored trip. Failure to attend class does not excuse late assignments (leave them in my mailbox before class if unable to attend). Homework assignments and in-class quizzes missed due to an **excused absence** must be turned in no later than one week from the date of the students return to class. It is the student's responsibility to turn in the missed homework within that time period or a grade of 0 will be given. It is also the student's responsibility to schedule a time with the instructor to make up missed quizzes within the allotted time or a grade of 0 will be given. **All assignments are meant to be completed individually; working with others on an assignment will be considered scholastic dishonesty.**

Attendance and Participation: Because our time together in class is very limited, it is essential that we make the most efficient and constructive use of that time. Therefore, attendance is mandatory and any unexcused absence will be penalized, with a direct adverse effect on final grades. Excused absences do not excuse students from responsibility for any work missed.

Quizzes: A short quiz will be given in the first five minutes of every class session. A student with an acceptable excuse supported by documentation (see Assignments) will be allowed a makeup quiz; a student with an unexcused absence should not ask for one.

Final Project: Each student will turn in a final project on the last day of class. The project should take the form of a paper on some topic germane to the course, chosen by the student in consultation with the instructor, and the body of the paper, excluding examples, should be a minimum of 5 pages in length, double-spaced, and in a 12-point font. If the project is on the analysis of a particular work, a phrase diagram and an annotated score should be provided. Projects should be submitted electronically.

Exams: Exams will not be given outside of the scheduled exam hour unless arrangements are made with the instructor **prior** to the exam. If an emergency arises, students must notify the instructor by calling the School of Music prior to the scheduled exam time. Messages left at the School of Music are dated and timed. There will be no exceptions to this exam policy unless the student's dean notifies the instructor otherwise.

Reasonable Accommodation for Students with Disabilities (ADA Compliance)-OP34.22

Any student who, because of a disability, may require special arrangements in order to meet the course requirements should contact the instructor as soon as possible to make any necessary arrangements. Students should present appropriate verification from Student Disability Services during the instructor's office hours. Please note: instructors are not allowed to provide classroom accommodations to a student until appropriate verification from Student Disability Services has been provided. For additional information, please contact Student Disability Services in West Hall or call 806-742-2405.

Academic Integrity-OP34.12

Academic integrity is taking responsibility for one's own class and/or course work, being individually accountable, and demonstrating intellectual honesty and ethical behavior. Academic integrity is a personal choice to abide by the standards of intellectual honesty and responsibility. Because education is a shared effort to achieve learning through the exchange of ideas, students, faculty, and staff have the collective responsibility to build mutual trust and respect.

Ethical behavior and independent thought are essential for the highest level of academic achievement, which then must be measured. Academic achievement includes scholarship, teaching, and learning, all of which are shared endeavors. Grades are a device used to quantify the successful accumulation of knowledge through learning. Adhering to the standards of academic integrity ensures grades are earned honestly. Academic integrity is the foundation upon which students, faculty, and staff build their educational and professional careers. [Texas Tech

University ("University") Quality Enhancement Plan, Academic Integrity Task Force, 2010]

Students must understand the principles of academic integrity, and abide by them in all class and/or course work at the University. Academic Misconduct violations are outlined Part I, section B.1 of the Code of Student Conduct. If there are questions of interpretation of academic integrity policies or about what might constitute an academic integrity violation, students are responsible for seeking guidance from the faculty member teaching the course in question.

Academic misconduct includes cheating, plagiarism, collusion, falsifying academic records, misrepresenting facts, violations of published professional ethics/standards, and any act or attempted act designed to give unfair academic advantage to oneself or another student. Additional information about academic misconduct is available in the Texas Tech University Handbook in Part II, section B of the Community Policies section in the Student Handbook at

<http://www.depts.ttu.edu/dos/handbook/>.

Any student absent because of university business must be allowed to make up missed work within a reasonable span of time or have alternate grades substituted for work due to an excused absence. Students absent because of university business must be given the same privileges as other students; e.g., if other students are given the choice of dropping one of four tests, then students with excused absences must be given the same privilege.
